

Decorating your current clothes

Have a boring hoodie? What about a T-shirt that could use some love? Check out some of these fast finds, either in your craft closet or at your local craft store, that can help you give new life to some old friends:

- *Fabric paint.* Not just for kids anymore
- *Buttons, buttons, buttons.* Go for vintage buttons that you might tend to pass over in the grab-bag section at the thrift store.
- *Notions.* Anything from ric-rac, sequins and ribbons can be a quick fix.
- *Patches.* Put your old Brownie Try-Its to good use.

Those are just a few ideas. What works best for you and your clothing needs?
