

No-Sew T shirt Skirt

A simple no-sew project to repurpose all those extra T shirts around the house! Especially fun to make several and layer together, as the edges are jagged and other colors can pop through underneath!

All you need is a T shirt and a pair of scissors! An X-Large or 2X T shirt works best for adults for maximum booty coverage, and small and medium T shirts are great for little girls!

Step 1. Lay your T shirt flat and smooth out all the wrinkles.

Step 2. Using your scissors, cut across the chest through both sides of the T shirt just under the point where the bottom edge of the sleeve hits.

Step 3. Now cut along the sides of the T shirt up from the bottom, through the armpit, and to the edge of the sleeve. Do this cut on each side!

Step 5. Slip into your new T
